TIPS

- Pack light (check bag weight restrictions)
- Try rolling clothes instead of folding for less wrinkles/ more room
- Wrap shoes in plastic bags to avoid marking clothes
- Pack fragile items in the interior of luggage
- Take fewer clothes if you will have laundry services available
- Check with your lodges/ hotels to see what items they will provide (ex. hairdryer)
- When packing for safari try to dress in neutral colors and avoid stark or bright colors such as white, black, red, etc.
